II Basis for Jurisdiction

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

1. I had my FSBO (For Sale By Owner) listed on their site twice. This last time they have closed my account without warning after I have over 2200 views and 86 saves in less than 4 full days because I have disclosed what is all wrong with my house, the area, the people, the neighborhood, the city, state and Church of Ladder Day Saints otherwise known as the Mormons, Morgan Stanley (PHH Mortgage) the mortgage holder. Since I am a FSBO I have to disclose everything that I know is wrong with my house otherwise I open myself up for future legal actions against me. Here is what was listed.

The builder installed a drug mister like they used in the drug ward I was detained in. You know the Chief & Hurricane police (3 squad cars one single man on foot) searched for 3 wholes days while they detained me illegally and never found it and they never fixed my broken window like they said they were going to do, guess they need a way into the house those 3 days. They did give me a free ambulance ride, although a helicopter ride would have been nicer and then a free limo ride home after my 3 days. They took xrays, did blood work, mental consoling, I was the big drug deal/bust (it's said there's a high heroine use in the area) but I was just taking supplements that came in powder form. Oh ya I never had to pay the bill, thanks UTAH, wait one minute I never got the test results, now you know why you paid for it all.

It is the hottest ticket to have one I guess but since I bought the house as a spec home I think the original owners to be ordered it and when they didn't buy the house they forgot to take it out. It's in the Master Bedroom where I am not saying. I know all the showings I was asked about it.

The house has not been lived in for almost 3 years, there is no sewer gas smell that I noticed when I was there in 2019 even tho all the traps and toilets' were empty of water.

When I lived there the house was not even 2 years old and there was air leaks in all water lines, the main water feed to the house per code told to me by the city water department was, it has to be run in ridged plastic or copper from the meter to the house shut-off, they now use flexible hose.

Each house per UT building codes requires each house to be site engineered but yet the blue prints were reused by the builder multiple times and never engineered since my floor plan was slightly different than the other 5 houses built by the same builder.

The Mormons illegally detained me for 3 days in the local drug rehab ward in the hospital because I was locked out of my house all because all the MORMON NEIGHBORS have keys to every house and barrow things. They changed my garage door codes so I could not get in. They even took ONE work GLOVE and then returned it 3 months later, guess hiding the other one helped after all.

Here is the proof of some of the court cases I have against UTAH AG for forgery and fraud, the city, state and the director of standards at the NEC and they all did not help one bit. <https://1drv.ms/u/s!AsH2IPeCUXBmgUK1uUfnNsv5Aw2?e=FSDINF>

What the seller loves about this home

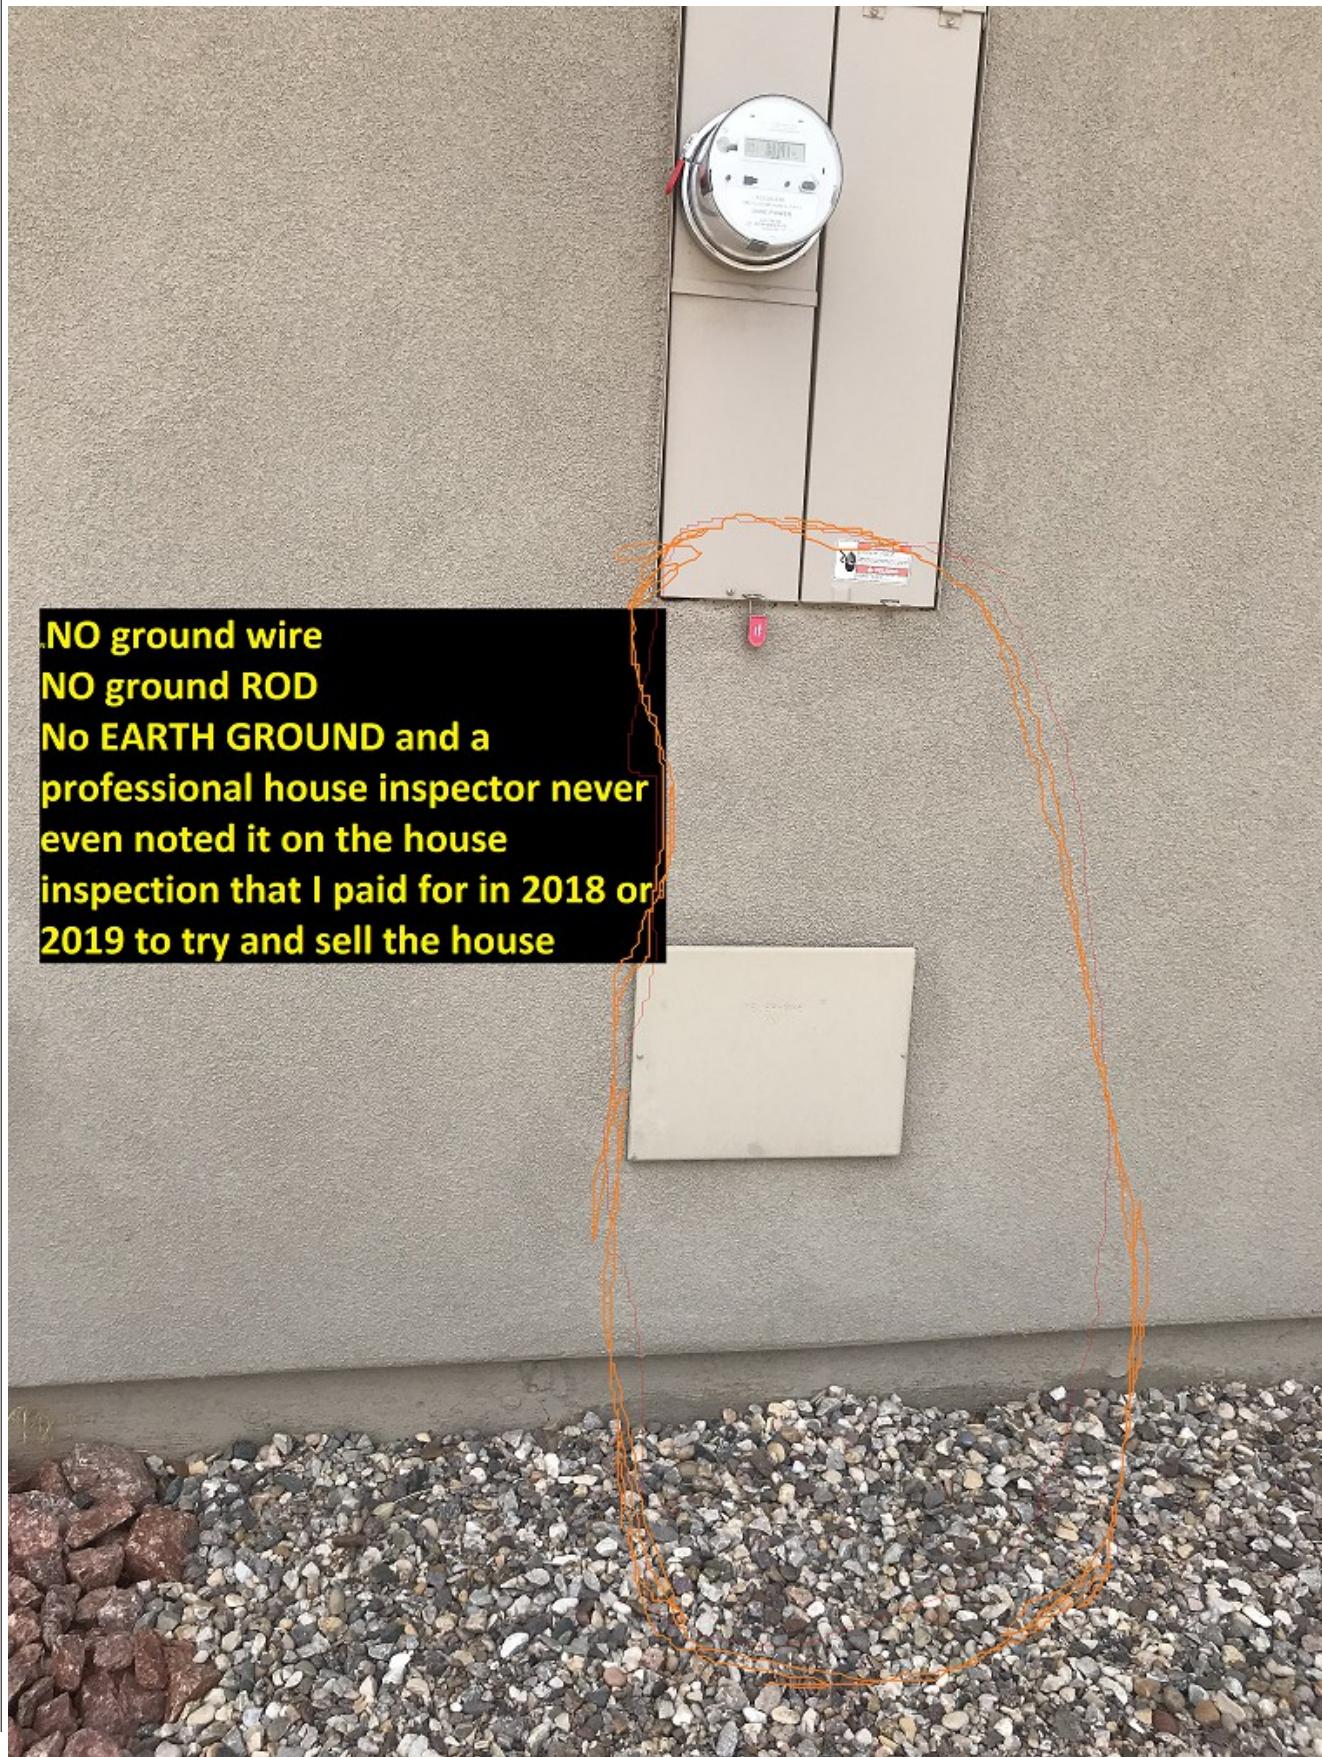

It is property of the federal government in several federal court cases involving not meeting national or local building codes, such as the use of the desert Ufer that the city of Hurricane UT says is ok.

The Desert Ufer is what some call a Concrete incased electrode ground but that method of grounding is how most houses in the South west are built including states like NV, UT, ID, CA, CO, TX, AZ, NM and others, still does not the building code for Concrete Incased Electrode earth ground.

The fire hazard in the wall idiots, Casey the inspector said was legal. Since I am still listed as the owner I have to disclose these conditions.

Please contact the federal courts not me or contact Joe Miller (920) 997-6452 or Leigh Thern at Morgan Stanley they both sold me an illegal mortgage. (920) 832-9110 or Daniel Krause, Kathleen Lang or Sue Cienkus at (414)226-3000 or the President James Gorman (212) 761 4000.

Best check your investments because the Mormons own MS and MS is taking your money every day ask Biden. They love to embezzle from the LGBTQ community and heterosexuals'.
